FINANCIAL SECTION

INDEPENDENT AUDITOR'S REPORT

To the Board of Supervisors County of Amherst, Virginia

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the County of Amherst, Virginia (the "County") as of and for the year ended June 30, 2015, and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the *Specifications for Audits of Counties*, *Cities, and Towns* and the *Specifications for Authorities, Boards, and Commissions*, issued by the Auditor of Public Accounts of the Commonwealth of Virginia. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

Auditor's Responsibility (Continued)

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the County of Amherst, Virginia, as of June 30, 2015, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Change in Accounting Principle

As described in Note 23 to the financial statements, the County adopted new accounting guidance, GASB Statement No. 68, Accounting and Financial Reporting for Pensions – an amendment of GASB Statement No. 27, as amended by GASB Statement No. 71. Our opinion is not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and other required supplementary information, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County's basic financial statements. The introductory section, other supplementary information, and other information section, are presented for purposes of additional analysis and are not a required part of the basic financial statements. The schedule of expenditures of federal awards is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and is also not a required part of the basic financial statements.

Other Matters (Continued)

Other Information (Continued)

The other supplementary section and the schedule of expenditures of federal awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the other supplementary information and the schedule of expenditures of federal awards are fairly stated in all material respects in relation to the basic financial statements as a whole.

The introductory and other information sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated January 20, 2016 on our consideration of the County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control over financial reporting and compliance.

Lynchburg, Virginia January 20, 2016

MANAGEMENT'S DISCUSSION AND ANALYSIS

To the Honorable Members of the Board of Supervisors To the Citizens of Amherst County County of Amherst, Virginia

The Management's Discussion and Analysis of the County's financial statements offers readers a narrative overview and analysis of the County's financial activities for the fiscal year ended June 30, 2015. The County's local contribution to the Amherst County Schools (Education) is included in this narrative.

Financial Highlights

- The reporting entity has total net position of \$45,002,054 at June 30, 2015. \$25,383,793, or 56%, of this amount represents the net position of governmental activities at year end. The remaining 44%, or \$19,618,261, reflects the net position of the County's business-type activity, the Amherst County Service Authority.
- Adoption of new GASB Statement No. 68, Accounting and Financial Reporting for Pension and errors in prior year grant recording resulted in an adjustment in the County's 2014 net position. The net position was reported as \$29,648,468 has been restated as \$24,523,417.
- \$11,933,944 is classified as unrestricted net position and may be used to meet the government's ongoing obligations to citizens and creditors.
- The County's total net position increased by \$1.4 million, the governmental activities increased \$0.9 million while business-type activities increased \$0.5 million.
- At the close of fiscal year 2015, the County's Statement of Activities shows the net position of governmental activities an increase from the previous year by \$860,376. (Exhibit 2)

Fund Financial Statements

The Governmental Funds, which are reported on a current financial resource focus, reflect revenues of \$41,056,129, which exceeded reported total expenditures of \$39,785,291 by \$1,270,838 (Exhibit 5).

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the County's basic financial statements. The County's basic financial statements comprise three components:

- 1. Government-wide financial statements,
- 2. Fund financial statements, and
- 3. Notes to the financial statements.

(Continued) 4a

This report also contains other supplementary information in addition to the basic financial statements themselves.

<u>Government-wide financial statements</u> - The Government-wide financial statements are designed to provide readers with a broad overview of the County's finances, in a manner similar to a private-sector business.

The statement of net position presents information on all of the County's assets, liabilities, deferred inflows/outflows of resources with the difference between these reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the County is improving or deteriorating. This is similar to a business balance sheet.

The statement of activities presents information showing how the County's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in the statement for some items that will result in cash flows in future fiscal periods (e.g., uncollected taxes and earned and unused vacation leave).

Both of the government-wide financial statements distinguish functions of the County that are principally supported by taxes and intergovernmental revenues (*governmental activities*) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (*business-type activities*). The governmental activities of the County include general government, courts, police protection, fire and EMS, sanitation, social services, education, parks and recreation and community development. The business-type activities of the County are the centralized water and sewer services provided by the Service Authority

The Government-wide financial statements include not only the County of Amherst, Virginia itself (known as the *primary government*), but also a legally separate school district and an Economic Development Authority (EDA) for which the County of Amherst is financially accountable. Financial information for these component units is reported separately from the financial information presented for the primary government itself.

The Government-wide financial statements can be found on pages 5-6 of this report.

<u>Fund financial statements</u> - A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The County, like all other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the County can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental funds - Governmental funds are used to account for essentially the same functions or services reported as governmental activities in the government-wide financial statements. Whereas the government-wide financial statements are prepared on the accrual basis of accounting, the governmental fund financial statements are prepared on the modified accrual basis of accounting. The focus of modified accrual reporting is on near-term inflows and outflows of financial resources and the balance of financial resources available at the end of the fiscal year. Since the governmental funds focus is narrower than that of the government-wide financial statements a reconciliation between the two methods is provided at the bottom of the governmental fund balance sheet and the governmental fund statement of revenues, expenditures and changes in fund balances. This comparison of the two allows readers to better understand the long-term impact of the government's near-term financing decisions.

The County has three major governmental funds, the General Fund, the Special Revenue Fund, and the Capital Project Fund. The basic governmental fund financial statements can be found on pages 7-10 of this report.

Proprietary Funds

Proprietary funds are classified as enterprise funds. Enterprise funds are established to account for the delivery of goods and services to the general public and use the accrual basis of accounting, similar to private sector business. The County maintains the accounting for one enterprise fund: the Amherst County Service Authority.

The Amherst County Service Authority is a blended component unit of the County of Amherst. The Authority delivers goods and services to the general public by providing water and sewer services to the citizens of Amherst County.

The proprietary fund financial statements can be found on pages 11-14 of this report.

Fiduciary funds

The County is the trustee, or fiduciary, for the County's agency funds. Agency funds are custodial funds used to provide accountability of client monies for which the County is custodian. The County is responsible for ensuring that the assets reported in these funds are used for their intended purposes. The County excludes these activities from the County's government-wide financial statements because the County cannot use these assets to support its operations. All of the County's fiduciary activities are reported in a separate statement of fiduciary net position. The accounting used for fiduciary funds is much like that used for proprietary funds.

The fiduciary fund financial statement can be found on page 15 of this report.

<u>Notes to the financial statements</u> - The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes can be found on pages 16-73.

Other information - In addition to the basic financial statement and accompanying notes, this report also presents certain required supplementary information for the School Board and the EDA. The School Board and the EDA do not issue separate financial statements.

Government-wide Financial Analysis

Net position serves over time as a useful indicator of a County's financial position. In the case of the County, assets exceeded liabilities by \$45,002,054 at the close of the most recent fiscal year (Exhibit 1).

At the end of the current fiscal year, the County investment in capital assets represents approximately 64% of total net position. The County uses these capital assets to provide services to citizens; therefore these assets are not available for future spending. Although the County's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

Restricted net position represents resources that are subject to external restrictions on how they may be used. These funds are restricted for a required debt reserve for the Service Authority's outstanding bond.

Assessed property values reduced by \$59,757,027 during the year. The property values were notably decreased during the reassessment of properties. The County did not realize a reduction in revenue from property taxes. Rather the County's property tax increased resulting from the collection of delinquent taxes. Personal Property Tax Relief Act (PPTRA) revenue is included in this analysis. The Commonwealth of Virginia no longer reimburses at 70%, rather a ceiling was established and the County is eligible to receive \$2,199,000 per budget year. For the FY2015 budget year, the Board of Supervisors established the vehicle threshold as \$20,000 and approved a PPRTA rate of 39.98%.

The County was recipient of several grants to support activities and programs of these County functions: public safety, social services, recreation and community development.

Financial Analysis of the County's Funds

The County uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

<u>Governmental Funds</u> - The focus of the County's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the County's financing requirements. Unassigned fund balance represents the portion of the fund balance which has not been limited to use for a particular purpose by an external party, the County, or an authorized group or individual. As a result, unassigned fund balance may serve as a useful measure of a government's net resources available for discretionary spending.

At June 30, the County's governmental funds reported fund balances of \$22,989,084, an overall increase of \$925,238 in comparison with the prior year. Of the \$22,989,084, approximately \$15.3 million constitutes unassigned fund balance, which is available for spending at the government's discretion. To ensure adequate fund availability for unanticipated expenditures, the County adopted a financial policy to provide cash flow reserves of at least 15% of the total annual General Fund expenditures inclusive of the transfer to the Amherst County Public Schools. The remainder of the fund balance is either *nonspendable*, *restricted*, *committed*, *or assigned* to indicate that it is obligated by either Board or management action for specific purposes. The increase in fiscal 2015 was due collection of delinquent taxes, charges for services, and an increase in revenue from the Commonwealth.

Table 1 summarizes the Statement of Net Position for the primary government as of June 30, 2015 and 2014.

Table 2 may differ from Exhibit 2 due to rounding

- The increase in operating grants and contributions is due primarily to obtaining additional federal funding through the Department of Social Services.
- Capital grants and contributions funding decreased during FY15 resulting mainly from the completion of the Stump Hill project funded through the Community Block Grant.
- The increase in general property other local taxes was from the collection of delinquent taxes.
- Aid from the Commonwealth increased slightly for FY15 as a result of lower employee turnover involving Constitutional offices.

- Public Safety expenses decreased during the current year; however expenses included costs in completing the purchase of radios for the new Regional Radio system.
- The expenditures for Education were lower in the current year in comparison those of FY14. However, net position for Education shows as a deficit resulting from the County adopting Governmental Accounting Standards Board (GASB) Statement No. 68, Accounting and Financial Reporting for Pensions.

The County's delinquency rate on current levy decreased in comparison to the delinquency rate of FY2014 and prior. However, in comparison to the FY14 audit, the delinquency rates of the prior years were unchanged for FY15. The trend continues favorably.

| | Delinquency |
|-------------|-------------|
| Fiscal Year | Rate |
| 2009-2010 | 6.25% |
| 2010-2011 | 7.18% |
| 2011-2012 | 6.65% |
| 2012-2013 | 4.97% |
| 2013-2014 | 5.14% |
| 2014-2015 | 4.25% |

Capital Asset and Debt Administration

<u>Capital assets</u> - Capital assets of the County carry a value total of 26,661,292; the School Board's totals \$18,747,547; and the Service Authority's totals \$28,872,234 (net of accumulated depreciation). This includes infrastructure, buildings and improvements, and machinery and equipment. Most of the major capital asset events were completed by the end of the 2014 fiscal year. For the current fiscal year the County's construction in progress has a value less than \$500,000.

Additional information on the County's capital assets can be found in Note 7.

<u>Long-term debt</u> - At the end of the current fiscal year, the County had total obligations outstanding of \$20,547,362. Of this amount \$9,240,000 represents bonds secured solely by specified revenue sources (i.e. revenue bonds). The remainder is comprised of debt backed by the full faith and credit of the County. The County's total long-term obligations decreased during the current fiscal year by \$1,750,141.

Additional information on the County's long-term debt can be found in Note 8 of this report.

Economic Factors and Next Year's Budgets and Rates

- In October 2015, the County's unemployment rate was 5.30%, which is 0.30% lower than it was in October 2014.
- The tax rate increased over 2014 by \$0.02 for a tax rate of \$0.56 for real property for every \$100 of assessed value for 2015; however the personal property tax rate of \$3.45 remained the same for the 2015 calendar year. Tax rate detail is provided in Table 6 of this report.
- > The enrollment in public schools increased in fiscal year 2015 by 2% from 4,178 to 4,268. School enrollment is projected to decline over the next year by 1%.

Requests for Information

This financial report is designed to provide a general overview of the County of Amherst, Virginia's finances for all those with an interest in the County's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Office of the County Administrator, P. O. Box 390, and 153 Washington Street, Amherst, Virginia 24521.

NOTES TO FINANCIAL STATEMENTS June 30, 2015

Note 1. Summary of Significant Accounting Policies

A. Reporting Entity

The County of Amherst, Virginia (the "County") is a political subdivision of the Commonwealth of Virginia governed by an elected five-member Board of Supervisors. The accompanying financial statements present the County and its component units, entities for which the County is considered to be financially accountable. The County has taxing powers subject to statewide restrictions and tax limits, and provides a full range of services to its citizens including law enforcement, fire, social services, public improvements, planning and zoning, education, and sanitation. The County is the primary government of the reporting entity.

Discretely Presented Component Units – The component unit columns in the financial statements include the financial data of the County's discretely presented component units. They are reported in separate columns to emphasize that they are legally separate from the County.

The Amherst County School Board operates the elementary and secondary public schools in the County. School Board members are appointed by the County's Board of Supervisors. The School Board is fiscally dependent upon the County because the County approves all debt issuances and provides significant funding to operate since the School Board does not have separate taxing powers. The Amherst County School Board does not prepare separate financial statements.

The Amherst County Economic Development Authority (the "EDA") was created to promote industry and develop trade by encouraging enterprises to locate and remain in the County. The EDA is authorized to acquire, own, lease, and dispose of properties to the extent that such activities foster and stimulate economic development. The EDA is governed by a Board of Directors and the County is financially accountable for the EDA. The EDA does not prepare separate financial statements.

Blended Component Unit – A blended component unit is an entity, that while legally separate, is in substance part of the County's operations, and so its financial information is combined with the financial statements of the County. The County can impose its will over the Amherst County Service Authority (the "Authority") and is financially accountable for it.

The Authority serves the citizens of the County and provides water and sewer services. The County Board of Supervisors also serves as the Board of Directors for the Authority and approves all related user charges and debt issuances. The Authority operates on a December 31 year end, and the Authority's December 31, 2014 financial report is presented as an enterprise fund in the County's financial statements. Financial statements of the Authority may be obtained by contacting the County of Amherst, VA, County Administrator, P.O. Box 390, Amherst, VA 24521.

Related Organization – The Board of Supervisors is also responsible for nominating members of the board for the Amherst Industrial Development Authority, but the County's accountability for this organization does not extend beyond making this nomination. Final appointment of members and accountability for fiscal affairs rests with the Town of Amherst.

NOTES TO FINANCIAL STATEMENTS June 30, 2015

Note 1. Summary of Significant Accounting Policies (Continued)

B. Government-Wide Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all non-fiduciary activities of the primary government and its component units. For the most part, the effect of interfund activity has been removed from these statements. *Governmental activities*, which normally are supported by taxes and intergovernmental revenues, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges for support.

The statement of net position presents both governmental and business-type activities on the accrual basis of accounting, which incorporates long-term assets and receivables, as well as long-term debt and obligations.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segments are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include 1) charges to customers or applicants who purchase, use or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as *general revenues*.

Fund Financial Statements

These statements are organized based on funds, each of which is considered a separate accounting unit. The emphasis is on major governmental and enterprise funds. The County reports the following major governmental funds:

The *General Fund* is the primary operating fund of the County and accounts for all revenues and expenditures applicable to the general operations not accounted for in other funds. Revenues are derived primarily from property and other local taxes, licenses, permits, charges for services, use of money and property, and intergovernmental grants.

Special Revenue funds account for the proceeds of specific revenue sources (other than major capital projects) that are legally restricted to expenditures for specified purposes. The Special Revenue fund reports revenues and expenditures related to the Dare Program, Recreation Activities, E-911 operations, Community Development Block Grant, and Solid Waste.

Capital projects funds account for financial resources to be used for the acquisition or construction of major capital facilities, other than those financed by proprietary funds. The capital projects fund accounts for the renovations, construction, and improvements related to County capital assets. Financing is provided by debt issuances and General Fund transfers.

NOTES TO FINANCIAL STATEMENTS June 30, 2015

Note 1. Summary of Significant Accounting Policies (Continued)

B. Government-Wide Financial Statements (Continued)

Fund Financial Statements (Continued)

The County reports the following major proprietary fund:

The Amherst County Service Authority is presented in an *enterprise fund* that accounts for the Authority's water distribution system and sewage collection, pumping stations, and treatment plant. Enterprise funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with the fund's principal ongoing operations. The principal operating revenues of the County's enterprise fund are charges to customers for sales and services. Operating expenses include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

Additionally, the County reports the following fund type:

Fiduciary funds account for assets held by the government in a trustee capacity or as agent or custodian for individuals, private organizations, other governmental units, or other funds. Agency funds include the Special Welfare and Forfeited Assets Funds.

C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the *economic resources* measurement focus and the accrual basis of accounting, as are the proprietary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the *current financial resources* measurement focus and the modified accrual basis of accounting. Revenues are recognized when they become susceptible to accrual, that is, when they become both measurable and available to finance expenditures of the current period. General Fund tax revenues are considered measurable when they have been levied and available if collected within 60 days of year end. Grant revenues are considered measurable and available when related grant expenditures are incurred. All other revenue items are considered measurable and available when cash is received. Expenditures are recorded when a liability is incurred, as under accrual accounting. However, debt service, compensated absences, other post-employment benefits, as well as expenditures related to claims and judgments are recorded only when payment is due.

NOTES TO FINANCIAL STATEMENTS June 30, 2015

Note 1. Summary of Significant Accounting Policies (Continued)

C. <u>Measurement Focus, Basis of Accounting, and Financial Statement Presentation</u> (Continued)

As a result of the different measurement focus and basis of accounting used in preparing the government-wide statements versus the governmental fund financial statements, a reconciliation between the government-wide and fund financial statements are necessary. The reconciliations are presented as exhibits in the governmental fund financial statements. As part of the reconciliation process, non-departmental indirect expenditures are allocated to functional expenses based on a percent of functional expenditures.

D. Assets, Liabilities, Deferred Inflows/Outflows, and Net Position or Equity

Deposits and Investments

Cash and cash equivalents include cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition.

Interfund Receivables and Payables

Outstanding balances between funds are reported as due to/from other funds, if applicable. Any residual balances outstanding between the governmental and business-type activities are reported in the government-wide statements as internal balances. Outstanding balances between the County and the component units are reported as due to/from component unit or due to/from primary government.

Inventories

Inventories are valued using the first-in, first-out method. Inventories in the enterprise fund consist of materials and supplies for water and sewer repairs and maintenance.

Taxes Receivable

Property is assessed at its estimated fair value and property taxes attach as an enforceable lien as of January 1. Real estate taxes are payable in two installments on June 5th and December 5th. Personal property taxes are payable on December 5th. The County bills and collects its own property taxes. The property taxes due and collected on the June 5, 2015 billing installment, as well as those due on December 5, 2015, are reflected in unearned revenues on the statement of net position as they are intended to fund operations in a future period.

Capital Assets

Capital assets, which include property, buildings, equipment, infrastructure, and intangibles are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation.

NOTES TO FINANCIAL STATEMENTS June 30, 2015

Note 1. Summary of Significant Accounting Policies (Continued)

D. Assets, Liabilities, Deferred Inflows/Outflows, and Net Position or Equity (Continued)

Capital Assets (Continued)

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend its life are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets of business-type activities is included as part of the capitalized value of the assets constructed. There was no interest capitalized for the year ended June 30, 2015, as there was no debt attributable to capital asset construction.

Most capital assets are depreciated using the straight line method over the following estimated useful lives:

| Buildings | 40 years |
|-----------------------------------|-------------|
| Building improvements | 20-40 years |
| Furniture, equipment and vehicles | 5-15 years |
| Utility plant in service | 15-50 years |

Landfill development costs are depreciated based on the percentage of capacity used compared to the total estimated capacity.

Deferred Outflows/Inflows of Resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The County has three items that qualify for reporting in this category: deferred charge on refunding; pension contributions subsequent to measurement date; and change in proportion – teacher cost sharing pool. The deferred charge on refunding reported in the government-wide statement of net position results from the difference in the carrying value of refunded debt and its reacquisition prices. The amount is deferred and amortized over the shorter of the life of the refunded or refunding debt. The pension contributions subsequent to the measurement date will be applied to the net pension liability in the next fiscal year. The change in proportion – teacher cost sharing pool results from participation in the Virginia Retirement System's teacher cost sharing pool, where changes in the proportion and difference between employer contributions and the proportionate share of employer contributions are reported as deferred inflow or outflow, as appropriate.

NOTES TO FINANCIAL STATEMENTS June 30, 2015

Note 1. Summary of Significant Accounting Policies (Continued)

D. Assets, Liabilities, Deferred Inflows/Outflows, and Net Position or Equity (Continued)

Deferred Outflows/Inflows of Resources (Continued)

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to a future period(s) and so will *not* be recognized as an inflow of resources (revenue) until that time. The County has three types of items. One item occurs only under the modified accrual basis of accounting. The item, unavailable revenue, is reported in the governmental fund balance sheet. The governmental funds report unavailable revenue from property taxes, grants, and other receivables not collected within 60 days of year end and those property taxes levied to fund future years. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available. The second item occurs in the statement of net position, this item consists of property taxes levied, but not yet due and are intended to fund future years. The third is the net difference between projected and actual earnings on pension plan investments. This difference will be recognized in pension expense over a closed five year period.

Unearned/Unavailable Revenue

In the statement of net position, unearned revenue arises when assets are received or recognized before revenue recognition criteria is satisfied and primarily consists of property taxes collected or recorded as a receivable, that are intended to finance the subsequent year's operations.

In the balance sheet of the governmental funds, unearned/unavailable revenue arises when assets are recognized but are not available to finance expenditures of the current fiscal period or when assets are recognized before revenue recognition criteria is satisfied as described. Unearned/unavailable revenue primarily consists of property taxes, EMS billings, grants, and other items not collected within the availability period.

Compensated Absences

The County and School Board have policies to allow the accumulation and vesting of limited amounts of paid leave and sick leave until termination or retirement. Amounts of such absences are accrued when incurred in the government-wide, proprietary and fiduciary fund financial statements. A liability for these amounts is reported in governmental funds when the amounts are due for payment.

Long-term Obligations

In the government-wide financial statements and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund statement of net position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. Issuance costs associated with long-term obligations are expensed when incurred.

NOTES TO FINANCIAL STATEMENTS June 30, 2015

Note 1. Summary of Significant Accounting Policies (Continued)

D. Assets, Liabilities, Deferred Inflows/Outflows, and Net Position or Equity (Continued)

Long-term Obligations (Continued)

In the fund financial statements, governmental funds recognize bond premiums and discounts, as well as bond issuance costs, during the period incurred. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources, while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions and pension expense, information about the fiduciary net position of the County's and Schools' Retirement Plan and the additions to/deductions from the County's and Schools' Retirement Plan's net fiduciary position have been determined on the same basis as they were reported by the Virginia Retirement System (VRS). For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Fund Balance

Fund balance is divided into five classifications based primarily on the extent to which the County is bound to observe constraints imposed upon the use of the resources in the governmental funds.

The classifications are as follows:

- Nonspendable Amounts that cannot be spent because they are not in spendable form, or are legally or contractually required to be maintained intact. The "not in spendable form" criterion includes items that are not expected to be converted to cash. It also includes the long-term amount of interfund loans, if applicable.
- Restricted Amounts constrained to specific purposes by their providers (such as grantors, bondholders, and higher levels of government), through constitutional provisions, or by enabling legislation.
- Committed Amounts constrained to specific purposes by the County, under the formal
 action of Board of Supervisors' resolution. Amounts cannot be used for any other purposes
 unless the Board of Supervisors takes action to remove or change the constraint.
- Assigned Amounts are constrained by intent to be used for specific purposes but are neither restricted nor committed. Assignments are made by County management based on governing body direction through adoption or amendment of the budget or through ordinance or resolution.
- Unassigned Amounts that are available for any purpose; positive amounts are reported only
 in the General Fund.

NOTES TO FINANCIAL STATEMENTS June 30, 2015

Note 1. Summary of Significant Accounting Policies (Continued)

D. Assets, Liabilities, Deferred Inflows/Outflows, and Net Position or Equity (Continued)

Restricted Amounts

The County applies restricted resources first when expenditures are incurred for purposes for which either restricted or unrestricted (committed, assigned, and unassigned) amounts are available. Similarly, within unrestricted fund balance, committed amounts are reduced first, followed by assigned, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

Minimum Fund Balance Policy

Within its General Fund, the County's policy is to maintain an adequate fund balance amount for cash liquidity purposes. That balance is expected by management to be sufficient to meet the County's cyclical cash flow requirements and avoid the need for short-term tax anticipation borrowing. Unassigned fund balances shall be at least 15% of the total annual General Fund expenditures inclusive of the transfer to the Amherst County School Board. The Board of Supervisors may, in times of declared fiscal emergency or other such global purpose as to protect the long-term fiscal security of the County, appropriate amounts that will reduce available unassigned fund balance below the 15% target. Should the reserve fall or be reduced below the 15% targeted level, the Board must approve and adopt a plan to restore this balance to the target level within 36 months, unless that timeframe would cause severe hardship to the County.

Other governmental funds of the County do not have specified fund balance targets. Recommended levels of committed and/or assigned fund balance will be determined on a case by case basis, based on the needs of each fund and as recommended by officials and approved by the Board of Supervisors.

Encumbrances

Encumbrance accounting, under which purchase orders, contracts, and other commitments for the expenditure of monies are recorded in order to reserve that portion of the appropriation, is employed as an extension of formal budgetary integration in the governmental funds. There were no encumbrances outstanding at year end.

Net Position

Net position is the difference between a) assets and deferred outflows of resources and b) liabilities and deferred inflows of resources. Net investment in capital assets represents capital assets, less accumulated depreciation and any outstanding debt related to the acquisition, construction or improvement of those assets.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

23

NOTES TO FINANCIAL STATEMENTS June 30, 2015

Note 2. Stewardship, Compliance, and Accountability

Budgetary Information

The following procedures are used by the County in establishing the budgetary data reflected in the financial statements:

- 1. Prior to March 30, the County Administrator submits to the Board of Supervisors a proposed operating and capital budget for the fiscal year commencing July 1. The operating and capital budget includes proposed expenditures and the means of financing them. The following funds have legally adopted budgets: General Fund, Capital Projects Fund, School Operating Fund, School Cafeteria Fund, and School Capital Projects Fund.
- 2. Public hearings are conducted to obtain citizen comments.
- 3. Prior to June 30, the budget is legally enacted through passage of an Appropriations Resolution.
- 4. The Appropriations Resolution places legal restrictions on expenditures at the department level. The appropriation for each department can be revised by the Board of Supervisors only. However, the School Board is authorized to transfer budget amounts within the School System's categories. Amounts that do not fall under a department's control are categorized as non-departmental even though they may relate to a particular function.
- 5. Formal budgetary integration is employed as a management control device during the year for the General Fund. The School Funds are integrated only at the level of legal adoption.
- 6. All budgets are adopted on a basis consistent with U.S. generally accepted accounting principles (GAAP).
- 7. Appropriations lapse on June 30.
- 8. Budget data presented in the accompanying financial statements includes the original adopted budget and the revised budget as of June 30.

Note 3. Deposits and Investments

Deposits:

Deposits with banks are covered by the Federal Deposit Insurance Corporation (FDIC) and collateralized in accordance with the Virginia Security for Public Deposits Act (the "Act") Section 2.2-4400 et. seq. of the *Code of Virginia*. Under the Act, banks and savings institutions holding public deposits in excess of the amount insured by the FDIC must pledge collateral to the Commonwealth of Virginia Treasury Board. Financial institutions may choose between two collateralization methodologies and depending upon that choice, will pledge collateral that ranges in the amounts from 50% to 130% of excess deposits. Accordingly, all deposits are considered fully collateralized.

NOTES TO FINANCIAL STATEMENTS June 30, 2015

Note 3. Deposits and Investments (Continued)

Investments:

Statutes authorize local governments and other public bodies to invest in obligations of the United States or agencies thereof, obligations of the Commonwealth of Virginia or political subdivisions thereof, obligations of the International Bank for Reconstruction and Development (World Bank), the Asian Development Bank, the African Development Bank, "prime quality" commercial paper and certain corporate notes, banker's acceptances, repurchase agreements, the State Treasurer's Local Government Investment Pool (LGIP), and the Virginia State Non-Arbitrage Program (SNAP).

External Investment Pools:

The Virginia SNAP fund is an open-end management investment company registered with the Securities and Exchange Commission (the "SEC").

At June 30, the deposit and investment balances were as follows:

| | Fair Value |
|--------------------------------|---------------|
| Deposits: | |
| Demand deposits | \$ 17,688,527 |
| Certificate of deposit | 1,278,398 |
| Money market funds | 15,590,295 |
| Cash on hand | 10,785 |
| | 34,568,005 |
| Investments: | |
| SNAP | 2,494,653 |
| Total deposits and investments | \$ 37,062,658 |

Deposits and investments are presented on the Statement of Net Position as follows:

| Cash and investments – Primary Government | \$ 31,286,834 |
|------------------------------------------------------|------------------|
| Cash and investments – School Board | 1,820,533 |
| Cash and investments – EDA | 182,240 |
| Restricted cash and investments – Primary Government | 3,773,051 |
| Total deposits and investments | \$ 37,062,658 |

Restricted cash and investments:

Restricted cash and investments in the governmental activities consists of \$2,494,653 of unspent debt proceeds maintained in SNAP accounts to be used for capital projects. Restricted cash and investments in the business-type activities consists of \$1,278,398 maintained in a certificate of deposit required to be maintained for debt service in the event of rate fluctuations or revenue decreases for water and sewer services.

NOTES TO FINANCIAL STATEMENTS June 30, 2015

Note 3. Deposits and Investments (Continued)

Credit risk:

Although the County does not have a formal policy addressing credit risk, the County adheres to the State guidelines. As required by the *Code of Virginia*, obligations of the Commonwealth of Virginia and its political subdivisions must have a debt rating of at least AA by Standard & Poor's (S&P) or Aa by Moody's Investors Service (Moody's). Commercial paper must be issued by an entity incorporated in the U.S. and rated at least A-1 by S&P or P-1 by Moody's. Corporate notes and bonds have a rating of at least AA by S&P or As by Moody's. Money market mutual funds must trade on a constant net asset value and invest solely in securities otherwise eligible for investment under these guidelines.

| | Moody's Ratings |
|--------------------|--------------------|
| Money market funds | Unrated |
| SNAP | AAAm |

Note 4. Receivables

Receivables consist of the following:

| | Governmental Activities | | Business-Type Activities | | | otal Primary Sovernment | Component Unit – School Board | | |
|--------------------------------------------|-------------------------|-----------|-----------------------------|----------|----|----------------------------|-------------------------------|---------|--|
| Receivables | | | | | | | | | |
| Taxes | \$ | 7,609,001 | \$ | - | \$ | 7,609,001 | \$ | - | |
| Less: allowance for uncollectible accounts | | (315,542) | | | | (315,542) | | | |
| Net taxes receivable | | 7,293,459 | | | | 7,293,459 | | | |
| Accounts receivable Less: allowance for | | 596,429 | | 619,671 | | 1,216,100 | | 316,651 | |
| uncollectible accounts | - | (92,438) | | (60,000) | | (152,438) | | | |
| Net accounts receivable | | 503,991 | | 559,671 | _ | 1,063,660 | | 316,651 | |
| Net total receivables | \$ | 7,797,450 | \$ | 559,671 | \$ | 8,357,121 | \$ | 316,651 | |

Taxes receivable represent the current and past four years of uncollected tax levies for personal property taxes and the current and past nineteen years for uncollected tax levies on real property. Governmental activities accounts receivable are comprised of amounts due for EMS billings and other local revenues. The allowances for uncollectible accounts are based on historical collection rates, aging of receivable balances, and specific account analysis. Accounts receivable for business-type activities primarily represent amounts due for water and sewer services.

26

NOTES TO FINANCIAL STATEMENTS June 30, 2015

Note 5. **Due From Other Governments**

Amounts due from other governments consist of the following:

| | Go | Primary Sovernment Overnmental Activities | omponent Unit School Board | |
|----------------------------------------------|----|-------------------------------------------|-----------------------------------------|--|
| Commonwealth of Virginia: | | | | |
| State sales taxes | \$ | - | \$ 857,087 | |
| Local sales taxes | | 432,216 | - | |
| Communication taxes | | 207,175 | - | |
| Public assistance and welfare administration | | 48,685 | - | |
| Comprehensive youth service | | 251,167 | - | |
| EMS – CPE replacement | | 150,000 | - | |
| Sheriff | | 164,688 | - | |
| Commonwealth's Attorney | | 35,601 | - | |
| Clerk of Circuit Court | | 23,492 | - | |
| Treasurer | | 9,964 | - | |
| Commissioner of Revenue | | 10,114 | - | |
| Other | | 21,961 | - | |
| Federal Government: | | | | |
| Education grants | | - | 702,794 | |
| Rescue squad assistance | | 25,600 | - | |
| Public assistance | | 89,803 | | |
| | \$ | 1,470,466 | \$ 1,559,881 | |

Note 6. Interfund Obligations and Transfers

Interfund receivable and payable balances at June 30 are:

| | | nterfund eceivable | Interfund Payable | | | |
|-----------------------------|-----------|-----------------------|----------------------|--------|--|--|
| General Capital Projects | \$ | 18,900 | \$ | 18,900 | | |
| | <u>\$</u> | 18,900 | \$ | 18,900 | | |

Interfund payable represents cash advanced to the capital projects fund for construction costs. Amounts are expected to be reimbursed from the SNAP Accounts.

NOTES TO FINANCIAL STATEMENTS June 30, 2015

Note 6. Interfund Obligations and Transfers (Continued)

Interfund transfers consist of the following:

| | <u></u> | ransfers In | Transfers Out | | |
|----------------------|---------|-------------|---------------|-----------|--|
| Governmental Funds: | | | | | |
| General Fund | \$ | 1,500 | \$ | 1,410,230 | |
| Special Revenue fund | | 1,410,230 | | 1,500 | |
| | \$ | 1,411,730 | \$ | 1,411,730 | |

Transfers are used to (1) move revenues from the fund where statute or budget requires collection to the fund that statute or budget requires expenditure and (2) use unrestricted revenues collected in the General Fund to finance various programs accounted for in other funds.

Note 7. Capital Assets

Capital asset activity for the year consisted of the following:

| | Beginning Balance | Increases | Decreases | Ending Balance | | |
|---------------------------------------------------------------------------------|----------------------|--------------|----------------|-------------------|--|--|
| Governmental Activities: Capital assets not depreciated: | | | | | | |
| Land | \$ 2,368,310 | \$ - | \$ - | \$ 2,368,310 | | |

Local governments in Virginia and their school boards hold a tenancy in common with respect to capital assets constructed with long-term debt. Accordingly, school capital assets for which debt is still outstanding are included in the capital assets of the County in an amount equal to the outstanding balance of the debt. As the debt is retired, a proportional amount of the assets are transferred to the Component Unit – School Board.

NOTES TO FINANCIAL STATEMENTS June 30, 2015

Note 8. Long-Term Liabilities

Changes in long-term liabilities consisted of the following:

Primary Government:

Note 9. Defined Benefit Pension Plan

Plan Description

All full-time, salaried permanent employees of the County of Amherst, Virginia, (the "Political Subdivision") are automatically covered by VRS Retirement Plan upon employment. This plan is administered by the Virginia Retirement System (the System) along with plans for other employer groups in the Commonwealth of Virginia. Members earn one month of service credit for each month they are employed and for which they and their employer pay contributions to VRS. Members are eligible to purchase prior service, based on specific criteria a defined in the *Code of Virginia*, as amended. Eligible prior service that may be purchased includes prior public service, active military service, certain periods of leave, and previously refunded service.

36

NOTES TO FINANCIAL STATEMENTS June 30, 2015

Note 9. Defined Benefit Pension Plan (Continued)

Plan Description (Continued)

The System administers three different benefit structures for covered employees – Plan 1, Plan 2, and Hybrid. Each of these benefit structures has a different eligibility criteria. The specific information for each plan and the eligibility for covered groups within each plan are set out in the table below:

| RETIREMENT PLAN PROVISIONS | | | | | | | | | | |
|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--|--|--|--|--|--|--|--|
| PLAN 1 | PLAN 2 | HYBRID RETIREMENT PLAN | | | | | | | | |
| About Plan 1 | About Plan 2 | About the Hybrid Retirement | | | | | | | | |
| Plan 1 is a defined benefit plan. The retirement benefit is based on a member's age, creditable service, and average final compensation at retirement using a formula. Employees are eligible for Plan 1 if their membership date is before July 1, 2010, and they were vested as of January 1, 2013. | Plan 2 is a defined benefit plan. The retirement benefit is based on a member's age, creditable service, and average final compensation at retirement using a formula. Employees are eligible for Plan 2 if their membership date is on or after July 1, 2010, or their membership date is before July 1, 2010, and they were not vested as of January 1, 2013. | Plan The Hybrid Retirement Plan combines the features of a defined benefit plan and a defined contribution plan. Most members hired on or after January 1, 2014 are in this plan, as well as Plan 1 and Plan 2 members who were eligible and opted into the plan during a special election window. (see "Eligible Members") • The defined benefit is based on a member's age, creditable service, and average final compensation at retirement using a formula. • The benefit from the defined contribution component of the plan depends on the member and employer contributions made to the plan and the investment performance of those contributions. • In addition to the monthly benefit payment payable from the defined benefit plan at retirement, a member may start receiving distributions from the balance in the defined contribution account, reflecting the contributions, investment gains or losses, and any required fees. | | | | | | | | |

NOTES TO FINANCIAL STATEMENTS June 30, 2015

Note 9. Defined Benefit Pension Plan (Continued)

Plan Description (Continued)

Eligible Members

Employees are in Plan 1 if their membership date is before July 1, 2010, and they were vested as of January 1, 2013.

Hybrid Opt-In Election

VRS non-hazardous duty covered Plan 1 members were allowed to make an irrevocable decision to opt into the Hybrid Retirement Plan during a special election window held January 1 through April 30, 2014.

The Hybrid Retirement Plan's effective date for eligible Plan 1 members who opted in was July 1, 2014.

If eligible deferred members returned to work during the election window, they were also eligible to opt into the Hybrid Retirement Plan.

Members who were eligible for an optional retirement plan (ORP) and had prior service under Plan 1 were not eligible to elect the Hybrid Retirement Plan and remain as Plan 1 or ORP.

Eligible Members

Employees are in Plan 2 if their membership date is on or after July 1, 2010, or their membership date is before July 1, 2010, and they were not vested as of January 1, 2013.

Hybrid Opt-In Election

Eligible Plan 2 members were allowed to make an irrevocable decision to opt into the Hybrid Retirement Plan during a special election window held January 1 through April 30, 2014.

The Hybrid Retirement Plan's effective date for eligible Plan 2 members who opted in was July 1, 2014.

If eligible deferred members returned to work during the election window, they were also eligible to opt into the Hybrid Retirement Plan.

Members who were eligible for an optional retirement plan (ORP) and have prior service under Plan 2 were not eligible to elect the Hybrid Retirement Plan and remain as Plan 2 or ORP.

Eligible Members

Employees are in the Hybrid Retirement Plan if their membership date is on or after January 1, 2014. This includes:

- Political subdivision employees*
- Members in Plan 1 or Plan 2 who elected to opt into the plan during the election window held January 1 through April 30, 2014; the plan's effective date for opt-in members was July 1, 2014.

*Non-Eligible Members

Some employees are not eligible to participate in the Hybrid Retirement Plan. They include:

 Political subdivision employees who are covered by enhanced benefits for hazardous duty employees

Those employees eligible for an optional retirement plan (ORP) must elect the ORP plan or the Hybrid Retirement Plan. If these members have prior service under Plan 1 or Plan 2, they are not eligible to elect the Hybrid Retirement Plan and must select Plan 1 or Plan 2 (as applicable) or ORP.

NOTES TO FINANCIAL STATEMENTS June 30, 2015

Note 9. Defined Benefit Pension Plan (Continued)

Plan Description (Continued)

Retirement Contributions

Employees contribute 5.00% of their compensation each month to their member contribution account through a pre-tax salary reduction. Some political subdivisions elected to phase in the required 5.00% member contribution but all employees will be paying the full 5.00% by 1. 2016. Member July contributions are tax-deferred until they are withdrawn as part of a retirement benefit or as a refund. The employer makes a separate actuarially determined contribution to VRS for all covered employees. VRS invests both member and employer contributions to provide funding for the future benefit payment.

Retirement Contributions

Employees contribute 5.00% of their compensation each month to their member contribution account through a pre-tax salary reduction. Some political subdivisions elected to phase in the required 5.00% member contribution but all employees will be paying the full 5.00% by July 1, 2016.

Retirement Contributions

A member's retirement benefit is funded through mandatory and voluntary contributions made by the member and the employer to both the defined benefit and the defined contribution components the plan. Mandatory contributions are based on a percentage of the employee's creditable compensation and are required from both the member and the employer. Additionally, members may choose to make voluntary contributions to the defined contribution component of the plan, and the employer is required to match those voluntary contributions according specified percentages.

NOTES TO FINANCIAL STATEMENTS June 30, 2015

Note 9. Defined Benefit Pension Plan (Continued)

Plan Description (Continued)

Creditable Service

Creditable service includes active service. Members earn creditable service for each month they are employed in a covered position. It also may include credit for prior service the member has purchased or additional creditable service the member was granted. A member's total creditable service is one of the factors used to determine their eligibility for retirement and to calculate their retirement benefit. It also may count toward eligibility for the health insurance credit retirement, if the employer offers the health insurance credit

Creditable Service

Same as Plan 1

Creditable Service

Defined Benefit Component:

defined Under the component of the plan, creditable service includes active service. Members earn creditable service each month they are employed in a covered position. It also may include credit for prior service the member has purchased additional or creditable service the member was granted. A member's total creditable service is one of the factors used to determine their eligibility for retirement and to calculate their retirement benefit. It also may count toward eligibility for the health insurance credit in retirement, if the employer offers the health insurance credit.

Defined Contributions Component:

Under the defined contribution component, creditable service is used to determine vesting for the employer contribution portion of the plan.

NOTES TO FINANCIAL STATEMENTS June 30, 2015

Note 9. Defined Benefit Pension Plan (Continued)

Plan Description (Continued)

Vesting

Vesting is the minimum length of service a member needs to qualify for a future retirement benefit. Members become vested when they have at least five years (60 months) of creditable service. Vesting means members are eligible to qualify for retirement if they meet the age and service requirements for their plan. Members also must be vested to receive a full refund of their member contribution account balance if they leave employment and request a refund.

Members are always 100% vested in the contributions that they make.

Vesting

Same as Plan 1.

Vesting

Defined Benefit Component:

Defined benefit vesting is the minimum length of service a member needs to qualify for a retirement benefit. future Members are vested under the defined benefit component of the Hybrid Retirement Plan when they reach five years (60 months) of creditable service. Plan 1 or Plan 2 members with at least five years (60 months) of creditable service who opted into the Hybrid Retirement Plan remain vested in the defined benefit component.

Defined Contributions Component:

Defined contribution vesting refers to the minimum length of service a member needs to be eligible to withdraw the employer contributions from the defined contribution component of the plan.

Members are always 100% vested in the contributions that they make.

Upon retirement or leaving covered employment, a member is eligible to withdraw a percentage of employer contributions to the defined contribution component of the plan, based on service.

NOTES TO FINANCIAL STATEMENTS June 30, 2015

Note 9. Defined Benefit Pension Plan (Continued)

Employees Covered by Benefit Terms

As of the June 30, 2013 actuarial valuation, the following employees were covered by the benefit terms of the pension plan:

| | Number |
|----------------------------------------------------------------------|--------|
| Inactive members or their beneficiaries currently receiving benefits | 111 |
| Inactive members: | |
| Vested inactive members | 25 |
| Non-vested inactive members | 41 |
| Inactive members active elsewhere in VRS | 94 |
| Total inactive members | 160 |
| Active members | 177 |
| Total covered employees | 448 |

Contributions

The contribution requirement for active employees is governed by §51.1-145 of the *Code of Virginia*, as amended, but may be impacted as a result of funding options provided to political subdivisions by the Virginia General Assembly. Employees are required to contribute 5.00% of their compensation toward their retirement. Prior to July 1, 2012, all or part of the 5.00% member contribution may have been assumed by the employer. Beginning July 1, 2012 new employees were required to pay the 5.00% member contribution. In addition, for existing employees, employers were required to begin making the employee pay the 5.00% member contribution. This could be phased in over a period of up to 5 years and the employer is required to provide a salary increase equal to the amount of the increase in the employee-paid member contribution.

The political subdivision's contractually required contribution rate for the year ended June 30, 2015 was 12.84% of covered employee compensation. This rate was based on an actuarially determined rate from an actuarial valuation as of June 30, 2013.

This rate, when combined with employee contributions, was expected to finance the costs of benefits earned by employee during the year, with an additional amount to finance any unfunded accrued liability. Contributions to the pension plan from the political subdivision were \$936,908 and \$884,349 for the years ended June 30, 2015 and June 30, 2014, respectively.

NOTES TO FINANCIAL STATEMENTS June 30, 2015

Note 9. Defined Benefit Pension Plan (Continued)

Net Pension Liability

The political subdivision's net pension liability was measured as of June 30, 2014. The total pension liability used to calculate the net pension liability was determined by an actuarial valuation performed as of June 30, 2013, using updated actuarial assumptions, applied to all periods included in the measurement and rolled forward to the measurement date of June 30, 2014.

Actuarial Assumptions – General Employees

The total pension liability for General Employees in the Political Subdivision's Retirement Plan was based on an actuarial valuation as of June 30, 2013, using the Entry Age Normal actuarial cost method and the following assumptions, applied to all periods included in the measurement and rolled forward to the measurement date of June 30, 2014.

Inflation 2.50%

Salary increases, including inflation 3.50 - 5.35%

Investment rate of return

7.00%, net of pension plan investment expense, including inflation*

* Administrative expenses as a percent of the market value of assets for the last experience study were found to be approximately 0.06% of the market assets for all of the VRS plans. This would provide an assumed investment return rate for GASB purposes of slightly more than the assumed 7.00%. However, since the difference was minimal, and a more conservative 7.00% investment return assumption provided a projected plan net position that exceeded the projected benefit payments, the long-term expected rate of return on investments was assumed to be 7.00% to simplify preparation of pension liabilities.

Mortality rates: 14% of deaths are assumed to be service related.

Largest 10 – Non-LEOS:

Pre-Retirement:

NOTES TO FINANCIAL STATEMENTS June 30, 2015

Note 9. Defined Benefit Pension Plan (Continued)

Long-Term Expected Rate of Return

The long-term expected rate of return on pension System investments was determined using a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of pension System investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target asset allocation and best estimate of arithmetic real rates of return for each major asset class are summarized in the following table:

| Asset Class (Strategy) | Target Allocation | Arithmetic Long-Term Expected Rate of Return | Weighted Average Long-Term Expected Rate of Return |
|---------------------------|-----------------------|----------------------------------------------------------|----------------------------------------------------|
| U.S. Equity | 19.50 % | 6.46 % | 1.26 % |
| Developed Non U.S. Equity | 16.50 % | 6.28 % | 1.04 % |
| Emerging Market Equity | 6.00 % | 10.00 % | 0.60 % |
| Fixed Income | 15.00 % | 0.09 % | 0.01 % |
| Emerging Debt | 3.00 % | 3.51 % | 0.11 % |
| Rate Sensitive Credit | 4.50 % | 3.51 % | 0.16 % |
| Non Rate Sensitive Credit | 4.50 % | 5.00 % | 0.23 % |
| Convertibles | 3.00 % | 4.81 % | 0.14 % |
| Public Real Estate | 2.25 % | 6.12 % | 0.14 % |
| Private Real Estate | 12.75 % | 7.10 % | 0.91 % |
| Private Equity | 12.00 % | 10.41 % | 1.25 % |
| Cash | 1.00 % | (1.50)% | (0.02)% |
| Total | 100.00 % | | 5.83 % |
| | Inflation | | 2.50 % |
| * Expected arith | nmetic nominal return | | 8.33 % |

^{*} Using stochastic projection results provides an expected range of real rates of return over various time horizons. Looking at one year results produces an expected real return of 8.33% but also has a high standard deviation, which means there is high volatility. Over larger time horizons the volatility declines significantly and provides a median return of 7.44%, including expected inflation of 2.50%.

(Continued) 54

NOTES TO FINANCIAL STATEMENTS June 30, 2015

Note 9. Defined Benefit Pension Plan (Continued)

Discount Rate

The discount rate used to measure the total pension liability was 7.00%. The projection of cash flows used to determine the discount rate assumed that System member contributions will be made per the VRS Statutes and the employer contributions will be made in accordance with the VRS funding policy at rates equal to the difference between actuarially determined contribution rates adopted by the VRS Board of Trustees and the member rate. Through the fiscal year ending June 30, 2018, the rate contributed by the employer for the Political Subdivision Retirement Plan will be subject to the portion of the VRS Board-certified rates that are funded by the Virginia General Assembly. From July 1, 2018 on, participating employers are assumed to contribute 100% of the actuarially determined contribution rates. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore the long-term expected rate of return was applied to all periods of projected benefit payments to determine the total pension liability.

<u>Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources</u> Related to Pensions

For the year ended June 30, 2015, the political subdivision recognized pension expense of \$454,862. At June 30, 2015, the political subdivision reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

| | 0 | Deferred utflows of Resources | Deferred Inflows of Resources |
|----------------------------------------------------------------------------------|----|-------------------------------------|-------------------------------------|
| Net difference between projected and actual earnings on pension plan investments | \$ | - | \$ 2,086,309 |
| Employer contributions subsequent to the measurement date | | 936,908 | |
| Total | \$ | 936,908 | \$ 2,086,309 |

NOTES TO FINANCIAL STATEMENTS June 30, 2015

Note 9. Defined Benefit Pension Plan (Continued)

<u>Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources</u> Related to Pensions (Continued)

The County reported as deferred outflows of resources related to pensions resulting from the Political Subdivision's contributions subsequent to the measurement date will be recognized as a reduction of the Net Pension Liability in the year ended June 30, 2016. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

| Year Ending June 30, | t | Reduction o Pension Expense |
|-------------------------|----|-----------------------------------|
| 2016 | \$ | (521,577) |
| 2017 | | (521,577) |
| 2018 | | (521,577) |
| 2019 | | (521,578) |

Note 10. Virginia Retirement System – School Nonprofessional Employees

Nonprofessional employees at Amherst County Public Schools also participate in the Virginia Retirement System. The plan descriptions and actuarial assumptions are substantively the same as those described in Note 9.

Employees Covered by Benefit Terms

As of the June 30, 2013 actuarial valuation, the following employees were covered by the benefit terms of the pension plan:

| | Number |
|----------------------------------------------------------------------|--------|
| Inactive members or their beneficiaries currently receiving benefits | 64 |
| Inactive members: | |
| Vested inactive members | 4 |
| Non-vested inactive members | 60 |
| Inactive members active elsewhere in VRS | 17 |
| Total inactive members | 81 |
| Active members | 119 |
| Total covered employees | 264 |

(Continued) 57

NOTES TO FINANCIAL STATEMENTS June 30, 2015

Note 10. Virginia Retirement System – School Nonprofessional Employees (Continued)

Contributions

The political subdivision's contractually required contribution rate for the year ended June 30, 2015 was 5.95% of covered employee compensation. This rate was based on an actuarially determined rate from an actuarial valuation as of June 30, 2013.

This rate, when combined with employee contributions, was expected to finance the costs of benefits earned by employee during the year, with an additional amount to finance any unfunded accrued liability. Contributions to the pension plan from the political subdivision were \$139,666 and \$159,871 for the years ended June 30, 2015 and June 30, 2014, respectively.

| Total | \$ | 139,666 | \$ | 472,541 |

NOTES TO FINANCIAL STATEMENTS June 30, 2015

Note 10. Virginia Retirement System – School Nonprofessional Employees (Continued)

<u>Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources</u> Related to Pensions (Continued)

The \$139,666 reported as deferred outflows of resources related to pensions resulting from the Political Subdivision's contributions subsequent to the measurement date will be recognized as a reduction of the Net Pension Liability in the year ended June 30, 2016. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

| Reduction to Pension Expense | |
|------------------------------------|--------------------------------------------------|
| \$ | (118,135) (118,135) (118,135) (118,136) |
| | t |

Payables to the Pension Plan

At June 30, 2015, there were no amounts payable to the Virginia Retirement System for the legally required contributions related to June 2015 payroll.

Note 11. Defined Benefit Pension Plan – Teacher Cost Sharing Pool

General Information about the Teacher Cost Sharing Pool

Plan Description

All full-time, salaried permanent (professional) employees of public school divisions are automatically covered by the VRS Teacher Retirement Plan upon employment. This plan is administered by the Virginia Retirement System (the System) along with plans for other employer groups in the Commonwealth of Virginia. Members earn one month of service credit for each month they are employed and for which they and their employer pay contributions to VRS. Members are eligible to purchase prior service, based on specific criteria as defined in the *Code of Virginia*, as amended. Eligible prior service that may be purchased includes prior public service, active military service, certain periods of leave, and previously refunded service. The plan description and actuarial assumptions are substantively the same as those described in Note 9.

NOTES TO FINANCIAL STATEMENTS June 30, 2015

Note 11. Defined Benefit Pension Plan – Teacher Cost Sharing Pool (Continued)

General Information about the Teacher Cost Sharing Pool (Continued)

Contributions

The contribution requirement for active employees is governed by §51.1-145 of the *Code of Virginia*, as amended, but may be impacted as a result of funding provided to school divisions by the Virginia General Assembly. Employees are required to contribute 5.00% of their compensation toward their retirement. Prior to July 1, 2012, all or part of the 5.00% member contribution may have been assumed by the employer. Beginning July 1, 2012 new employees were required to pay the 5.00% member contribution. In addition, for existing employees, employers were required to begin requiring that the employee pay the 5.00% member contribution. This could be phased in over a period of up to 5 years and the employer is required to provide a salary increase equal to the amount of the increase in the employee-paid member contribution. Each school division's contractually required contribution rate for the year ended June 30, 2015 was 14.50% of covered employee compensation. This rate was based on an actuarially determined rate from an actuarial valuation as of June 30, 2013. The actuarial rate for the Teacher Retirement Plan was 18.20%. The actuarially determined rate, when combined with employee contributions, was expected to finance the costs of benefits earned by employee during the year, with an additional amount to finance any unfunded accrued liability. Based on the provisions of §51.1-145 of the Code of Virginia, as amended, the contributions were funded at 79.69% of the actuarial rate for the year ended June 30, 2015. Contributions to the pension plan from the school division were \$3,233,120 and \$2,707,000 for the years ended June 30, 2015 and June 30, 2014, respectively.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2015, the school division reported a liability of \$38,334,000 for its proportionate share of the Net Pension Liability. The Net Pension Liability was measured as of June 30, 2014 and the total pension liability used to calculate the Net Pension Liability was determined by an actuarial valuation as of that date. The school division's proportion of the Net Pension Liability was based on the school division's actuarially determined employer contributions to the pension plan for the year ended June 30, 2014 relative to the total of the actuarially determined employer contributions for all participating employers. At June 30, 2014, the school division's proportion was 0.31721% as compared to 0.31636% at June 30, 2013.

For the year ended June 30, 2015, the school division recognized pension expense of \$3,053,000. Since there was a change in proportionate share between June 30, 2013 and June 30, 2014, a portion of the pension expense was related to deferred amounts from changes in proportion and from differences between employer contributions and the proportionate share of employer contributions.

NOTES TO FINANCIAL STATEMENTS June 30, 2015

Note 11. Defined Benefit Pension Plan – Teacher Cost Sharing Pool (Continued)

General Information about the Teacher Cost Sharing Pool (Continued)

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (Continued)

At June 30, 2015, the school division reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

| | Deferred Outflows of Resources | | Deferred Inflows of Resources | | |
|---------------------------------------------------------------------------------------------------------------|--------------------------------|-----------|-------------------------------------|-----------|--|
| Net difference between projected and actual earnings on pension plan investments | \$ | - | \$ | 5,689,000 | |
| Changes in proportion and differences between employer contributions and proportionate share of contributions | | 96,000 | | - | |
| Employer contributions subsequent to the measurement date | | 3,233,120 | | | |
| Total | \$ | 3,329,120 | \$ | 5,689,000 | |

The \$3,233,120 reported as deferred outflows of resources related to pensions resulting from the school division's contributions subsequent to the measurement date will be recognized as a reduction of the Net Pension Liability in the year ended June 30, 2016. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

| Year Ended June 30, | |
|---------------------|-----------------|
| 2016 | \$ 1,401,000 |
| 2017 | 1,401,000 |
| 2018 | 1,401,000 |
| 2019 | 1,401,000 |

Pension Plan Fiduciary Net Position

Detailed information about the VRS Teacher Retirement Plan's Fiduciary Net Position is available in the separately issued VRS 2014 Comprehensive Annual Financial Report (CAFR). A copy of the 2014 VRS CAFR may be downloaded from the VRS website at http://www.varetire.org/Pdf/Publications/2014-annual-report.pdf, or by writing to the System's Chief Financial Officer at P.O. Box 2500, Richmond, VA, 23218-2500.

Payables to the Pension Plan

At June 30, 2015, there were no amounts payable to the Virginia Retirement System for the legally required contributions related to June 2015 payroll.

Note 12. Other Post-Employment Benefits

County – VRS Health Insurance Credit

A. Plan Description

The County participates in the Health Insurance Program, a plan designed to assist retirees with the cost of health insurance coverage. This program is an agent and cost sharing, multiple-employer defined benefit plan administered by the Virginia Retirement System (VRS). The Virginia General Assembly establishes the dollar amount of the health insurance credit for each year of creditable service. The credit amount and eligibility differs for state, school division, political subdivision, local officer, local social services department, and general registrar retirees.

NOTES TO FINANCIAL STATEMENTS June 30, 2015

Note 12. Other Post-Employment Benefits (Continued)

County – VRS Health Insurance Credit (Continued)

A. Plan Description (Continued)

An employee of the County, who retires under VRS with at least 15 years of total creditable service under the system and is enrolled in a health insurance plan, is eligible to receive a monthly health insurance credit of \$1.50 per year of creditable service up to a maximum monthly credit of \$45. However, such credit shall not exceed the health insurance premium for the retiree. Disabled retirees automatically receive the maximum monthly health insurance credit of \$45.

Benefit provisions and eligibility requirements are established by Title 51.1, Chapter 14 of the *Code of Virginia*. The VRS actuarially determines the amount necessary to fund all credits provided, reflects the cost of such credits in the applicable employer contribution rate pursuant to §51.1-145, and prescribes such terms and conditions as are necessary to carry out the provisions of the health insurance credit programs. VRS issues separate financial statements as previously discussed in Note 9.

B. Funding Policy

As participating local political subdivision, the County is required to contribute the entire amount necessary to fund participation in the program using the actuarial basis specified by the *Code of Virginia* and the VRS Board of Trustees. The County's contribution rate for the fiscal year ended 2014 was .12% of annual covered payroll.

C. Annual Required Contribution (ARC)

The annual cost of OPEB under Governmental Accounting Standards Board (GASB) 45, Accounting and Financial Reporting by Employers for Postemployment Benefits Other than Pensions, is based on the annual required contribution (ARC). The County is required to contribute the ARC, an amount actuarially determined in accordance with the parameters of GASB Statement 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial liabilities (or funding excess) over a period not to exceed thirty years.

For fiscal year 2015, the County's contribution of \$8,337 was equal to the ARC and OPEB cost. The County's annual OPEB cost, the percentage of annual OPEB cost contributed to the plan, and the net OPEB obligation for 2015 and the two preceding years are as follows:

| Fiscal Year Ended | Annual PEB Cost | of Annual OPEB Cost Contributed | Net OPEB Obligation |
|-------------------|--------------------|---------------------------------|---------------------------|
| June 30, 2015 | \$ 8,337 | 100% | \$ - |
| June 30, 2014 | 8,064 | 100% | - |

NOTES TO FINANCIAL STATEMENTS June 30, 2015

Note 12. Other Post-Employment Benefits (Continued)

<u>County – VRS Health Insurance Credit</u> (Continued)

D. Funded Status and Funding Progress

The funded status of the plan as of June 30, 2014, the most recent actuarial valuation date, is as follows:

| Actuarial accrued liability (AAL) | \$ 184,598 |
|---------------------------------------------------|-----------------|
| Actuarial value of plan assets | \$ 113,861 |
| Unfunded actuarial accrued liability (UAAL) | \$ 69,079 |
| Funded ratio (actuarial value of plan assets/AAL) | 61.68% |
| Covered payroll (active plan members) | \$ 3,155,835 |
| UAAL as a percentage of covered payroll | 2.19% |

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future and reflect a long-term perspective. Examples include assumptions about future employment, mortality, and the healthcare cost trend. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future.

The schedule of funding progress, presented as RSI following the notes to the financial statements presents multi-year trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liability for benefits. The projection of benefits for financial reporting purposes does not explicitly incorporate the potential effects of legal or contractual funding limitations.

E. Actuarial Methods and Assumptions

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used included techniques that are designed to reduce short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

The Retiree Health Insurance Credit benefit is based on a member's employer eligibility and his or her years of service. The monthly maximum credit amount cannot exceed the member's actual health insurance premium costs. The actuarial valuation for this plan assumes the maximum credit is payable for each eligible member. Since this benefit is a flat dollar amount multiplied by the member's years of service and the maximum benefit is assumed, no assumption relating to health care cost trend rates is needed or applied.

(Continued) 65

NOTES TO FINANCIAL STATEMENTS June 30, 2015

Note 12. Other Post-Employment Benefits (Continued)

County - VRS Health Insurance Credit (Continued)

E. Actuarial Methods and Assumptions (Continued)

The entry age normal cost method was used to determine the plan's funding liabilities and costs. The actuarial assumptions included a 7.00% investment rate of return, compounded annually, including an inflation component of 2.50%, and a payroll growth rate of 3.00%. The UAAL is being amortized as a level percentage of payrolls on an open basis. The remaining open amortization period at June 30, 2013 was 29 years.

Note 13. Landfill Closure and Post-Closure Care Cost

Permit 181 – Closed Landfill

The County closed its former landfill site in 1997. State and federal laws and regulations require the County to place a final cover and to perform certain maintenance and monitoring functions at the site for thirty years after closure. The cumulative amount of estimated closure, post-closure care, and corrective action costs for this site, less costs paid to date, totals \$1,580,468. Actual costs may be higher due to inflation, changes in technology, changes in regulations or other unforeseen circumstances. The County intends to fund these costs from funds accumulated for this purpose in the Special Revenue fund as well as transfers from the General Fund.

Permit 563 – Open Landfill

The County owns and operates a landfill site from which it collects tipping fees based upon the source of the waste. The landfill began accepting waste in 1997.

State and federal laws will require the County to place a final cover on this site when it stops accepting waste and to perform maintenance and monitoring functions for thirty years after closure. Although closure and post-closure care costs are paid only near or after the date the landfill stops accepting waste, the County will report a portion of these closure and post-closure care costs as an operating expense in each period based on landfill capacity used. An accrual of \$2,315,009 for landfill closure and post-closure liability as of June 30 represents the cumulative amount reported to date based on estimated use of approximately 47% of the estimated capacity of the entire landfill site. The remaining estimated cost of closure and post-closure care of \$2,610,541 will be recognized as remaining capacity is filled. Actual future costs may be higher due to inflation, changes in technology, changes in regulations, or other unforeseen circumstances.

The County has demonstrated financial assurance requirements for closure, post-closure care, and corrective action costs through the submission of a Local Government Financial Test to the Virginia Department of Environmental Quality in accordance with Section 9VAC20-70 of the Virginia Administrative Code.

NOTES TO FINANCIAL STATEMENTS June 30, 2015

Note 14. Commitments and Contingencies

Litigation

The County and School Board are potential defendants in litigation involving claims for damages of various types. Officials estimate that any ultimate liability not covered by insurance will have an immaterial effect on financial position.

Federal Grants

Under the terms of federal and state grants, periodic audits are required and certain costs may be questioned as not being appropriate expenditures under the terms of the grants. Such audits could lead to reimbursement to the grantor agencies. In the opinion of management, any future disallowances of current grant program expenditures, if any, would be immaterial.

Commitments

The County has also entered into various construction contracts at year end. Future amounts due under these agreements are approximately \$382,000 at year end.

Note 15. Risk Management

The County and School Board are exposed to various risks of loss related to torts; theft of, damage to and destruction of assets, errors and omissions; and natural disasters for which the government carries insurances.

The County and School Board are members of the Virginia Municipal Group Self Insurance Association (the "Association") for workers' compensation. Each Association member jointly and severally agrees to assume, pay, and discharge any liability. Virginia Municipal Group contributions and assessments are based upon classifications and rates into a designated cash reserve fund out of which expenses of the Association and claims awards are to be paid. In the event of a loss deficit and depletion of all available excess insurance, the Association may assess all members in the proportion which the premium of each bears to the total premiums of all members in the year in which such deficit occurs.

The County and School Board carry commercial insurance for all other risks of losses. Settled claims from these risks have not exceeded commercial coverage in any of the last three fiscal years.

NOTES TO FINANCIAL STATEMENTS June 30, 2015

Note 16. Fund Balances

Fund balances is classified as nonspendable, restricted, committed, assigned and/or unassigned based primarily on the extent to which the County and School Board are bound to observe constraints imposed upon the use of the resources in the governmental funds. The constraints are presented below:

| | | General | | General | | Special General Revenue | | Capital Projects | | Total Governmental Funds | | Component Unit – School Board | |
|--------------------------------|----|------------|----|-----------|-----------------|----------------------------|------------|-------------------------|-----------|--------------------------------|--|-------------------------------------|--|

Note 17. Jointly Governed Organizations and Joint Venture

The following organizations are excluded from the accompanying financial statements:

Jointly Governed Organizations:

Horizon Behavioral Health (HBH)

The County, in conjunction with the Counties of Appomattox, Bedford, and Campbell, and the City of Lynchburg, participates in HBH, whose board is composed of two members from each of the participating localities. The County contributed \$95,153 for operations to HBH for 2015.

(Continued) 68

NOTES TO FINANCIAL STATEMENTS June 30, 2015

Note 17. Jointly Governed Organizations and Joint Venture (Continued)

Jointly Governed Organizations: (Continued)

Blue Ridge Regional Jail Authority (BRRJA)

The County, in conjunction with the Counties of Appomattox, Bedford, Campbell, and Halifax, and the City of Lynchburg, participates in the BRRJA. Each member jurisdiction pays a per diem charge for each day that one of its prisoners is at any regional jail facility. In accordance with the service agreement, the Authority has divided the per diem charge into an operating and debt service components. The per diem charge is based upon an assumed number of prisoner days, and is subject to adjustment at the end of each fiscal year. The County contributed \$1,938,141 for operations to BRRJA for 2015.

Joint Venture:

Region 2000 Radio Communications Board

The County, along with the County of Bedford and City of Lynchburg, is a participant in the development and operation of a regional radio communication system, the Region 2000 Radio Communications Board (the Board). Each participant agreed to contribute its pro rata share for annual capital and operational costs, as well as any annual deficit. The Board issued debt of \$13.1 million in May 2012 for the upgrade and replacement of the existing system. Each participant agreed to contribute its pro rata share towards debt service payments of the Board. The County's share will be 28%, and annual contributions for debt service will approximate \$310,625. An asset or obligation is not reflected at June 30 because the system has yet to be constructed and is not operational.

Note 18. Performance Incentives

The County and EDA are parties to incentive agreements with existing companies for expansion in the county and with new companies for locating within the County. Incentives under these agreements range from tax rebates based on the real and tangible business property added to the County's tax rolls to small payroll incentives. Amounts under these incentives are not due until taxes are paid by the Company and refunds are requested. Accordingly, there are no amounts accrued in the financial statements at year end for outstanding incentive agreements.

Note 19. Significant Transactions of the County and Component Unit – School Board

Certain transactions between the County and School Board component unit are explained here in detail to provide a more informed understanding of the operational relationship of the two entities and how such transactions are presented in the financial statements.

1. The School Board can neither levy taxes nor incur debt under Virginia law. Therefore, the County issues debt "on behalf" of the School Board. The debt obligation is recorded as a liability of the County's governmental activities. The proceeds from the debt issued "on behalf" of the School Board are recorded in the County's General Fund. Funds are then transferred to the School's Capital Projects Fund for approved projects. This fund then accounts for capital expenditures relating to major school construction projects.

NOTES TO FINANCIAL STATEMENTS June 30, 2015

Note 19. Significant Transactions of the County and Component Unit – School Board (Continued)

- 2. Debt service payments for school bonded debt are reported as part of the primary government in the Statement of Revenues, Expenditures, and Changes in Fund Balances Governmental Funds.
- 3. Local governments in Virginia have a "tenancy in common" with the School Board whenever the locality incurs a financial obligation for school property which is payable over more than one year. In order to match the capital assets with the related debt, the legislation permits the primary government to report the portion of the school property related to the financial obligation as "jointly owned" assets. As the debt related to a particular capital asset is retired, the related capital asset, net of accumulated depreciation, is removed from the primary government's financial statements and reported in the School Board's financial statements. The School Board retains authority and responsibility over the operation and control of this property.
- 4. If all economic resources associated with school activities were reported with the School Board, its total expenditures would be as follows:

| Expenditures of School Board – Component Unit (Exhibit 20) | \$ 45,483,800 |
|--------------------------------------------------------------------------|------------------|
| Expenditures for School Buses reported in the General Fund (Exhibit 4) | 196,781 |
| School-related principal and other debt service expenditures included in | |
| primary government (Exhibit 5) | 1,809,210 |
| Total expenditures for school activities | \$ 47,489,791 |

Note 20. Significant Transactions of the County and Component Unit – EDA

The EDA was created to encourage economic development in the County. To that end, the County appropriates periodic contributions to the EDA. In addition, the County provides certain economic incentive grants to encourage development in the County. These grants pass through the EDA but ultimately are long-term obligations reported in the County's government-wide statement of net assets. When the underlying requirements have been substantially met, these amounts are recorded by the EDA as payable to the grant recipient and as receivable from the County. At year end, there were no amounts to report for economic incentives payable.

The County also provides personnel assistance for some functions to the EDA at no charge.

Note 21. Conduit Debt Outstanding – EDA

The EDA has issued revenue bonds to provide financial assistance to private-sector entities for the acquisition and/or construction of industrial, commercial, or educational facilities deemed to be in the public interest. The bonds are secured by the property financed and are payable solely from payable from payments received from the entities involved on the underlying loans. Ownership of the acquired facilities rests with the entities served by the bond issuance. Neither the EDA, the County, nor any other political subdivision thereof is obligated in any manner for repayment of the bonds. Accordingly, the bonds are not reported as liabilities in the accompanying financial statements. At June 30, 2015, outstanding conduit debt was as follows:

| Randolph College, Series 2010 | \$ 4,728,022 |
|--------------------------------|------------------|
| Lynchburg College, Series 2003 | 10,110,000 |
| Total conduit debt outstanding | \$ 14,838,022 |

NOTES TO FINANCIAL STATEMENTS June 30, 2015

Note 22. Restatement of Net Position – Service Authority

Beginning net position of the Service Authority has been restated as follows:

| | Enterprise Fund | B | usiness-Type Activities |
|-----------------------------------------------------------|------------------------|----|----------------------------|
| Net position at December 31, 2013, as previously reported | \$ 17,504,084 | \$ | 17,504,084 |
| Bond premium amortization | (29,449) | | (29,449) |
| Construction in progress | (21,100) | | (21,100) |
| Unbilled receivables | 234,746 | | 234,746 |
| Allowance for doubtful accounts | (25,000) | | (25,000) |
| Capitalization of regional facilities | 1,463,042 | | 1,463,042 |
| Net change in fund net position | 1,622,239 | | 1,622,239 |
| Net position December 31, 2013 as restated | \$ 19,126,323 | \$ | 19,126,323 |

Note 23. Adoption of New Standard and Restatement of Net Position and Fund Balances

In the current year, the County adopted GASB Statement No. 68, Accounting and Financial Reporting for Pensions – an Amendment of GASB Statement No. 27, as amended by GASB Statement No. 71. This standard replaces the requirements of GASB Statements No. 27 and No. 50 as they relate to governments that provide pensions through pension plans administered as trusts or similar arrangements that meet certain criteria. The new Statement requires governments providing defined benefit pensions to recognize the long-term obligation for pension benefits as a liability for the first time, and to more comprehensively and comparably measure the annual costs of pension benefits. The Statement also enhances accountability and transparency through revised and new note disclosures and required supplementary information, including disclosing descriptive information about the types of benefits provided, how contributions to the pension plan are determined, and assumptions and methods used to calculate the pension liability. Additionally, beginning fund balances and net position have been restated for errors in prior year grant recording.

NOTES TO FINANCIAL STATEMENTS June 30, 2015

Note 23. Adoption of New Standard and Restatement of Net Position and Fund Balances (Continued)

The following is a summary of the restatements to fund balance and net position, as applicable, that includes the results from the adoption of GASB Statement No. 68:

| | G | eneral Fund | Spe | ecial Revenue | overnmental Activities | | School Board Government- Wide |
|--------------------------------------------------------------------------------------------------------------|----|-------------|-----|---------------|-------------------------------|----|-------------------------------------|
| Fund balance/net position at June 30, 2014, as previously reported | \$ | 15,203,727 | \$ | 4,112,409 | \$ 29,648,468 | \$ | 20,077,175 |
| To correct for receivable recorded at 6/30/14 for Highway Planning that related to fiscal year 2015 activity | | - | | (158,049) | (116,872) | | - |
| To correct receivable for CSA at 6/30/14 recorded as revenue instead of deferred revenue | | (187,551) | | - | - | | - |
| Recognition of pension related liabilities and deferred outflows in accordance with GASB No. 68 | | | | | (5,008,179) | _ | (40,442,040) |
| Fund balance/net position June 30, 2014 as restated | \$ | 15,016,176 | \$ | 3,954,360 | \$ 24,523,417 | \$ | (20,364,865) |

Note 24. New Accounting Standards

The Governmental Accounting Standards Board (GASB) has issued the following Statements which are not yet effective.

GASB Statement No. 72, Fair Value Measurement and Application addresses accounting and financial reporting issues related to fair value measurements. The definition of fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. This Statement provides guidance for determining a fair value measurement for financial reporting purposes. This Statement also provides guidance for applying fair value to certain investments and disclosures related to all fair value measurements. This Statement will be effective for the year ending June 30, 2016.

GASB Statement No. 74, Financial Reporting for Postemployment Benefit Plans Other than Pensions improves the usefulness of information about postemployment benefits other than pensions (other postemployment benefits or OPEB) included in the general purpose external financial reports of state and local governmental OPEB plans for making decisions and assessing accountability. This Statement results from a comprehensive review of the effectiveness of existing standards of accounting and financial reporting for all postemployment benefits (pensions and OPEB) with regard to providing decision-useful information, supporting assessments of accountability and interperiod equity, and creating additional transparency. This Statement will be effective for the year ending June 30, 2017.

NOTES TO FINANCIAL STATEMENTS June 30, 2015

Note 24. New Accounting Standards (Continued)

GASB Statement No. 75, Accounting and Financial Reporting for Postemployment Benefits Other than Pensions improves accounting and financial reporting by state and local governments for postemployment benefits other than pensions (other postemployment benefits or OPEB). It also improves information provided by state and local governmental employers about financial support for OPEB that is provided by other entities. This Statement results from a comprehensive review of the effectiveness of existing standards of accounting and financial reporting for all postemployment benefits (pensions and OPEB) with regard to providing decision-useful information, supporting assessments of accountability and interperiod equity, and creating additional transparency. This Statement will be effective for the year ending June 30, 2018.

GASB Statement No. 76, *The Hierarchy of Generally Accepted Accounting Principles for State and Local Governments* identifies – in the context of the current governmental financial reporting environment – the hierarchy of generally accepted accounting principles (GAAP). The "GAAP hierarchy" consists of the sources of accounting principles used to prepare financial statements of state and local governmental entities in conformity with GAAP and the framework for selecting those principles. This Statement reduces the GAAP hierarchy to two categories of authoritative GAAP and addresses the use of authoritative and nonauthoritative literature in the event that the accounting treatment for a transaction or other event is not specified within a source of authoritative GAAP. This Statement will be effective for the year ending June 30, 2016 and should be applied retroactively. Earlier application is permitted.

GASB Statement No. 77, *Tax Abatement Disclosures*, requires governments to disclose information about the nature and magnitude of tax abatements granted to a specific taxpayer, typically for the purpose of economic development. This does not cover programs that reduce the tax liabilities of broad classes of taxpayers, such as senior citizens or veterans, and which are not the product of individual agreements with each taxpayer. The Statement does not consider issues related to recognition. This Statement will be effective for the year ending June 20, 2017.

NOTES TO REQUIRED SUPPLEMENTARY INFORMATION June 30, 2015

Note 1. Changes of Benefit Terms – Virginia Retirement System

There have been no significant changes to the Virginia Retirement System (System) benefit provisions since the prior actuarial valuation. A hybrid plan with changes to the defined benefit plan structure and a new defined contribution component were adopted in 2012 (fiscal year 2014 for the teacher cost sharing pool). The hybrid plan applies to most new employees hired on or after January 1, 2014 and not covered by enhanced hazardous duty benefits. The liabilities presented do not reflect the hybrid plan since it covers new members joining the System after the valuation date of June 30, 2013, and the impact on the liabilities as of the measurement date of June 30, 2014 are minimal.

Note 2. Changes of Assumptions – Virginia Retirement System

The following changes in actuarial assumptions were made effective June 30, 2013 based on the most recent experience study of the System for the four-year period ending June 30, 2012:

Largest 10 – Non-LEOS:

- Update mortality table
- Decrease in rates of service retirement
- Decrease in rates of disability retirement
- Reduce rates of salary increase by 0.25% per year

Largest 10 – LEOS:

- Update mortality table
- Decrease in male rates of disability

All Others (Non 10 Largest) – Non-LEOS:

- Update mortality table
- Decrease in rates of service retirement
- Decrease in rates of disability retirement
- Reduce rates of salary increase by 0.25% per year

All Others (Non 10 Largest) – LEOS:

- Update mortality table
- Adjustments to rates of service retirement for females
- Increase in rates of withdrawal
- Decrease in male and female rates of disability

Teacher cost-sharing pool:

- Update mortality table
- Adjustments to the rates of service retirement
- Decrease in rates of withdrawals for 3 through 9 years of service
- Decrease in rates of disability
- Reduce rates of salary increase by 0.25% per year

DISCRETELY PRESENTED COMPONENT UNIT – SCHOOL BOARD

School Operating Fund

The School Operating Fund is a Special Revenue fund that accounts for the operations of the County's school system. Financing is provided by the State and Federal Governments as well as contributions from the General Fund.

School Cafeteria Fund

The Cafeteria Fund is a Special Revenue fund that accounts for the County's school lunch program. Financing is provided from lunch sales and state and federal reimbursements.

School Textbook Fund

The School Textbook Fund is a Special Revenue fund that accounts for transactions related to the adoption of textbooks to be utilized in the County's school system.

School Construction Fund

The School Construction Fund accounts for the construction and renovation activities for the County's school system.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Honorable Members of Board of Supervisors County of Amherst, Virginia

We have audited, in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the *Specifications for Audits of Counties*, *Cities, and Towns* and the *Specifications for Authorities, Boards, and Commissions*, issued by the Auditor of Public Accounts of the Commonwealth of Virginia, the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component unit, each major fund, and the aggregate remaining fund information of the County of Amherst, Virginia (the "County"), as of and for the year ended June 30, 2015, and the related notes to the financial statements, which collectively comprise the County's basic financial statements, and have issued our report thereon dated January 20, 2016.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the County's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of County's internal control. Accordingly, we do not express an opinion on the effectiveness of County's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as described in the accompanying schedule of findings and questioned costs, we identified certain deficiencies in internal control that we consider to be material weaknesses.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the Items identified as 14-01 to 14-03 described in the accompanying schedule of findings and questioned costs to be material weaknesses.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the County's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* and which are described in the accompanying schedule of findings and questioned costs as Items 2015-001 to 2015-004.

County of Amherst, Virginia's Response to Findings

The County's responses to the findings identified in our audit are described in the accompanying schedule of findings and questioned costs. The County's responses were not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the responses.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the County's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Lynchburg, Virginia January 20, 2016

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY OMB CIRCULAR A-133

Honorable Members of Board of Supervisors County of Amherst, Virginia

Report on Compliance for Each Major Federal Program

We have audited the County of Amherst, Virginia's (the "County") compliance with the types of compliance requirements described in the OMB Circular A-133, *Compliance Supplement* that could have a direct and material effect on each of the County's major federal programs for the year ended June 30, 2015. The County's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the County's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the County's compliance.

Opinion on Each Major Federal Program

In our opinion, the County of Amherst, Virginia, complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2015.

Report on Internal Control over Compliance

Management of the County is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the County's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.

NOTE 1 – BASIS OF PRESENTATION:

The accompanying schedule of federal expenditures includes the activity of all federally assisted programs of the County of Amherst, Virginia and is presented on the modified accrual basis of accounting, as described in Note 1 to the County's basic financial statements. All federal awards received directly from federal agencies, as well as federal awards passed through other government agencies, are included on this schedule.

NOTE 2 – FOOD DISTRIBUTION:

Nonmonetary assistance is reported in the schedule at the fair market value of the commodities received and disbursed.

SCHEDULE OF FINDINGS AN QUESTIONED COSTS June 30, 2015

A. SUMMARY OF AUDITOR'S RESULTS

- 1. The auditor's report expresses an **unmodified opinion** on the financial statements.
- 2. **Three material weaknesses** relating to the audit of the financial statements is reported in the Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*.
- 3. No instances of noncompliance material to the financial statements were disclosed during the audit.
- 4. **No significant deficiencies** relating to the audit of the major federal award programs were reported in the Independent Auditor's Report on Compliance with Requirements for Each Major Program and on Internal Control over Compliance in Accordance with OMB Circular A-133.
- 5. The auditor's report on compliance for the major federal award programs expresses an **unmodified opinion**.
- 6. The audit disclosed **no audit findings** relating to major programs.
- 7. The programs tested as major programs include:

| Name of Program: | CFDA# |
|------------------------------------------------------------------|--------|
| Child Nutrition Cluster – School Breakfast Program | 10.553 |
| Child Nutrition Cluster – National School Lunch Program | 10.555 |
| Highway Planning and Construction | 20.205 |
| Title I Grants to Local Education Agencies | 84.010 |
| Special Education Cluster – Special Education – Grants to States | 84.027 |
| Special Education Cluster – Special Education – Preschool Grants | 84.173 |

- 8. The threshold for distinguishing Type A and B programs was \$300,000.
- 9. The County was determined to be a high-risk auditee.

B. FINDINGS - FINANCIAL STATEMENT AUDIT

14-01: Segregation of Duties (Material Weakness)

Condition:

A fundamental concept of internal controls is the separation of duties. No one employee should have access to both physical assets and the related accounting records, or to all phases of a transaction. A proper segregation of duties has not been established in functions related to payroll, accounts receivable, cash disbursements, and journal entries for the Schools. A proper segregation of duties has not been established in functions related to accounts receivable and journal entries for the County.

Recommendation:

Steps should be taken to eliminate performance of conflicting duties where possible or to implement effective compensating controls.

Management's Response:

We agree that duties need to be further segregated and are making efforts to do so within our current staffing constraints.

SCHEDULE OF FINDINGS AN QUESTIONED COSTS June 30, 2015

B. FINDINGS – FINANCIAL STATEMENT AUDIT (Continued)

14-02: Segregation of Duties – Information Technology (Material Weakness)

Condition:

A fundamental concept of internal controls is the separation of duties. No one employee should have access to both physical assets and the related accounting records, or to all phases of a transaction. In addition to having normal IT system administrator rights to grant and change access to the network and financial systems, the process of processing, printing, and signing checks is able to be fully performed by only one IT employee. IT also is responsible for creating positive pay files remitted to the bank and uploading direct deposit information for paychecks.

Recommendation:

Steps should be taken to eliminate performance of conflicting duties where possible or to implement effective compensating controls.

Management's Response:

We agree that duties need to be further segregated and we are making efforts to do so within our current staffing constraints. A contractor is currently engaged in restructuring our positive pay files to improve segregation within IT and the Treasurer's office.

14-03: Adjustments (Material Weakness)

Condition:

A number of adjustments were necessary for the financial statements to be in accordance with generally accepted accounting principles. The adjustments related primarily to improper accounting for capital assets, liabilities, and receivables, including errors noted in prior reporting periods.

Recommendation:

Management should develop policies and procedures to address these weaknesses in internal controls. Recommendations include the following:

- The Finance Department should review all County, School Board, and EDA board minutes to identify transactions that might have accounting implications.
- Supporting documents for account balances should be reviewed and approved by someone other than the preparer.
- Reconciliations of all significant balance sheet accounts should be performed at least quarterly to aid in the year end closing and adjustment process.

Management's Response:

We concur that multiple adjustments were necessary as part of the audit process and that steps need to be taken to correct this matter moving forward.

SCHEDULE OF FINDINGS AN QUESTIONED COSTS June 30, 2015

C. FINDINGS AND QUESTIONED COSTS – MAJOR FEDERAL AWARD PROGRAMS AUDIT

None.

D. FINDINGS - COMMONWEALTH OF VIRGINIA

2015-001: Budget Appropriations

Condition:

Expenditures exceeded budgeted appropriations in two departments at year end as follows:

| | Final Budget | | Actual | | Variance | |
|------------------------------------------------------|--------------|---------|--------|---------|----------|----------|
| General Fund Communications dispatch | \$ | 960,035 | \$ | 999,074 | \$ | (39,039) |
| Special Revenue Fund Depot relocation/enhancement | \$ | 352,022 | \$ | 353,022 | \$ | (1,000) |

Recommendation:

Steps should be taken to ensure that excess expenditures over budgeted appropriations are approved by the Board of Supervisors and the budget amended accordingly.

Management's Response:

Management concurs with the finding and recommendations of the auditor.

2015-002: Annual Review of Access

Condition:

There is no evidence that the Department of Social Services' Local Security Office and supervisors are conducting annual reviews of employee access to OASIS, VaCMS, ADAPT, and EAS to ensure that the access is properly aligned with the employee's job responsibilities.

Recommendations:

The Local Security Officer and supervisors should perform and document annual reviews, ensuring that each employee's access request form matches the employee's actual access in the system and is appropriate given the employee's assigned job responsibilities.

Management's Response:

Virginia Department of Social Services requires, oversees, and documents the completion of system annual reviews. We are, however, transitioning to a digital format for all access request forms and were unable to retrieve the appropriate e-mails when requested. The agency will establish a recordkeeping protocol as either a file management system for digital files or a policy in which it prints and keeps hard copies of all documents.

SCHEDULE OF FINDINGS AN QUESTIONED COSTS June 30, 2015

D. FINDINGS – COMMONWEALTH OF VIRGINIA (Continued)

2015-003: Social Services VDSS System Access

Condition:

Terminated users were not noted as having their access privileges removed to all VDSS systems within three working days of terminations as set forth by the *Code of Virginia*.

Recommendations:

Steps should be taken to ensure that access to all VDSS systems is removed within three working days of an employee's termination.

Management's Response:

The auditee will take steps to correct this matter.

2015-004: Special Welfare Account Reconciliation

Condition:

There was no evidence that each special welfare account was reconciled monthly with the Treasurer's records.

Recommendations:

Steps should be taken to ensure that special welfare accounts are reconciled monthly to the Treasurer's records.

Management's Response:

The auditee will take steps to correct this matter.

SUMMARY SCHEDULE OF PRIOR AUDIT FINDINGS June 30, 2015

Auditor Reference No.

2014-001: Assistance to Firefighters Grant – CFDA 97.044

Condition:

A final financial report and a final performance report were not submitted within ninety (90) days of the end of the period of performance (June 25, 2014) for the County's grant for radios.

Current Status:

There were no expenditures under this program in fiscal year 2015 therefore no testing was necessary.
