Dear CSE Employees,

As you may or may not know, a subcommittee of the Amherst County Planning Commission was created in 2016 called the **"Route 29 Business Beautification Committee."** The group is comprised of business owners within the Corridor, citizens, and County staff, who meet once a month to promote existing businesses and attract new ones, and to discuss initiatives and efforts to improve our Route 29 Corridor.

"The purpose of the Route 29 Business Beautification Committee is to beautify the roadways of Amherst County so as to instill pride and appreciation of the citizenry and the attractiveness of their community. The Committee will work towards promoting the attraction of customers to the 29 Business Corridor and will provide citizens an opportunity to take an active role in the appearance of our community."

One initiative we have been passionately pursuing this year is the removal of the abandoned Exxon sign located on Route 29 Business near Dillard Road. Vacant or nonconforming signs and sign structures blight our Corridor, making it less attractive to current and potential citizens, visitors, and business owners.

The removal of this sign in particular involved an amazing amount of resources, effort, and coordination, and the Committee wants to express its appreciation and gratitude for donating your time, equipment, employees, and labor to a cause worth pursuing. Thank you for "welding" the way and setting the precedent that we as a community have a shared responsibility to continuously strive for improvement.

Thank you!

Beverly C. Jones
Chairwoman, Route 29 Business Beautification Committee
Vice Chairwoman, Amherst County Planning Commission

Dear Property Owner,

As you may or may not know, a subcommittee of the Amherst County Planning Commission was created in 2016 called the "**Route 29 Business Beautification Committee.**" The group is comprised of business owners within the Corridor, citizens, and County staff, who meet once a month to promote existing businesses and attract new ones, and to discuss initiatives and efforts to improve our Route 29 Corridor.

"The purpose of the Route 29 Business Beautification Committee is to beautify the roadways of Amherst County so as to instill pride and appreciation of the citizenry and the attractiveness of their community. The Committee will work towards promoting the attraction of customers to the 29 Business Corridor and will provide citizens an opportunity to take an active role in the appearance of our community."

Some projects you may see coming to fruition as a result of this advocacy group are the median barrier replacement, streets and curbs being swept of debris, and sidewalk installation along certain portions of the Corridor. We would like to update you on other upcoming projects, and how you can participate!

In recent months, County staff has been working diligently through VDOT (Virginia Department of Transportation) and AEP (American Electric Power) permitting processes, to allow the planting of trees and the placement of banners on utility poles throughout the Corridor. Please see the included leaflet for a sneak peek - our goal is to have banners up and trees planted before this winter!

We believe that success is born in collaboration, which is why you are receiving this letter. I'm asking you to do your part to make a difference - whether that means time, labor, money, materials, etc., please reach out to rt29bizwins@gmail.com and we will be happy to work with you! Similarly, if you have improved or plan to make any improvements on your own property in the Corridor, please send those in as well! We will be glad to promote your accomplishments to the rest of the County.

Thank you again and we look forward to hearing from you!

Beverly C. Jones
