RE: Emergency Medical Services Captain Promotion

All, good afternoon. On December 10, 2021 an EMS Captain Promotional Process was conducted at the County of Amherst Administrative Building. All results were reviewed by the promotional process committee on Friday afternoon. This morning I reviewed each applicant's work and was very impressed by what the process entailed and the work each person did.

Each of our three applicants worked very well together and with the evaluators. They should be commended for their interest, hard work and dedication to our department. It is with great pleasure and admiration that I announce Benjamin Bond as our C-Shift EMS Captain. Ben has done excellent work as our interim EMS Captain since mid to late summer.

We are coordinating a time with Ben to have his promotional ceremony as soon as possible. Thank you.

Sincerely,

Samuel A. Bryant, IV

Amherst County Public Safety Director
