Route 29 Business Corridor Clean-Up Continues

Clean-up of the Route 29 Business Corridor continues, with Public Works removing 9,260 pounds of dirt and debris from Route 163 last week. The Route 29 Corridor Liaison-Ground Technician is part of the Public Works Department and works alongside other members of that team to improve the appearance of the Route 29 Business Corridor and connecting routes in Madison Heights.

Clean-up efforts began in mid-September with 1,000 pounds of refuse and dirt removed from a stop light and clean-up efforts focusing on medians and roadsides throughout Madison Heights. The team has also cut grass, cleared out overgrown brush, pulled weeds, and removed litter. Follow #CleanUpThe29BCorridor on Instagram and Facebook for more photos.
