Plot Plan

				Rear				
Side								
				Front		1	/2" = _	feet

Show all existing and proposed structures and buildings, including but not limited to dwelling(s), porches, decks, sheds, pools, and entrances. Include the setback measurement between each building and property lines. If the lot is served by a private sewer, include the setback distances of the tank and drainfield to all existing and proposed structures (the minimum requirement is ten feet).
