Property Rehabilitation Plan June Update

On November 5, 2019, the Board of Supervisors and owners of the Scottish Inn agreed to a Rehabilitation Plan for 4512 South Amherst Highway, Madison Heights, Virginia. The owners have now been approved for the demolition permit and are still in compliance with the Rehabilitation Plan. Now that a demolition permit is secured, the agreement provides sixty days to demolish the structure on the property.

The Department of Building Safety and Inspections has conducted multiple inspections along with the Amherst County Sheriff's Office, both have been satisfied with how the rehabilitation plan is progressing and with the property owner's efforts to comply. Since the plan was agreed upon, the property owners have met all compliance milestones.

Building and Inspections will continue to partner with owners and contractors to improve the property and keep our county safe, healthy, and beautiful.
