Public Works Unveils New Logo

The Amherst County Public Works Department has a new logo. The image will appear on signage at the convenience centers, decals for Public Works equipment and vehicles, and on Public Works letterhead and emails.

The logo was created with Public Works primary functions in mind. These areas, including the County landfill and convenience centers, grounds upkeep, and building maintenance, are represented by blue and green arrows.

Julianna Thacker, a junior in the graphic design program at Liberty University, created the logo as part of her community service requirements.

Ms. Thacker presented four design concepts to the Public Works staff and County Administrator before adding the Amherst colors, font and integrating the Amherst "A" into the final design.
