Board Approves Survey Work for Lynchburg Road

The Amherst County Board of Supervisors has approved having survey work done for extending Lynchburg Road. The road currently runs from Depot Street, across County and private property, to the edge of the county property housing the Train Depot/Visitor Center. The proposed extension will connect the Train Depot parking lot and Highway 60E.

This extension will open up county land for further development and provide a route to Camp Trapezium that will divert brewery traffic out of residential neighborhoods.

The Town of Amherst Town Council has offered to pay for half the survey cost. The County's share is \$1,550. VDOT will pay for the extension of the road.
