

Old Dominion Job Corps Campus

is operated by ODLE Management Group, LLC - a woman, minority-owned workforce development provider.

Greetings from One Center One Voice

Young people participated in Job Corps' "Signing Day". Our new Non-Residential program is for students who live at home and come to campus each day for their training. Virginia needs skilled laborers (carpenters, electricians, painters, plumbers and maintenance techs, welders, machinists), medical field employees (medical and nursing assistants, pharmacy technicians), auto mechanics, and security protection officers. Why not train our young people at Old Dominion Job Corps and keep them right here in Virginia?

Old Dominion Job Corps staff is getting ready with CDL's and CPR classes.

The 'Signing Day' features both students and/or new staff committing to Job Corps.

MY Commitment — By enrolling in Job Corps, I'm pledging My commitment To My FUTURE, My CAREER and My INDEPENDENCE.

M'Kaila J, CNA Program.

Mikel G, Electrical Wiring Program.

Need help connecting with Job Corps? Check with your Lynchburg Parks & Recreation neighborhood center staff for guidance.
