

Each season we have a photographer come to take a picture of each player & team, to help preserve some great memories. The photographer will also take an individual picture of your player if you request it. All players should arrive at least 30 minutes prior to the start of their game or practice. We want every player to be in the team picture even if you're not interested in purchasing any pictures. The pictures aren't used to raise money and the Recreation Dept only charges enough to cover the cost of the pictures. If you want to purchase some pictures, there are 2 options to choose from:

**Option #1 \$15.00 consisting of:**

<u>Qty</u>	<u>Size</u>	<u>Description</u>
2	3x5	Individual
4		Individual Wallet sized
1	5x7	Team picture

**Option #2 \$5.00 consisting only of:**

<u>Qty</u>	<u>Size</u>	<u>Description</u>
1	5x7	Team picture

When will your team take their pictures? If you're in the U6 Division, then your team will be taking pictures on Sat 4/13/19. Please be sure to arrive 30 minutes prior to your scheduled game time. All other divisions will be taking their pictures at your regularly scheduled weeknight practice. Be sure to wear your uniforms to practice. Unlike the U6 division you don't need to arrive 30 minutes early, just be sure to arrive on time for your practice.

A personal check made out to ACRPD, which stands for "Amherst County Recreation & Parks Dept" is the preferred method of payment as we can get you through the line quicker. If you're paying with cash then, EXACT CHANGE is necessary to get you through the line quickly

Here's some trivia about Amherst County

- On a Saturday morning when there are several games at Coolwell Park, it's quite common for some 700+ people to come to the park to watch the soccer games.
- This season we saw a 5+% increase in participation (263 players in all). The reason for this increase is likely due to the great Coaches that we're so fortunate to have year after year. On average a coach will give over 40 hours of their time to, plan, instruct and manage a team. WAY TO GO COACHES!
- In 2010 a quick study was done on usage & participation. The study revealed that that year there were over 16,000 trips made by people attending an event sponsored by the Recreation Department. If the people making those trips stopped 3 out of every 10 trips and spent \$5.00, then it was estimated that \$100,000.00 would be generated for our local economy.
- The Coolwell Recreation Center can be rented for parties, showers, etc. Call the Rec Dept for details 946-9371. The Center hosts many types of activities and is typically used about 300 days each year.
