### Broadband Access Comes to More of Amherst County

Amherst County and SCS Broadband are pleased to announce that a third public safety tower is now equipped with Broadband access. The Panther Mountain tower is now fitted with SCS's broadband equipment. The County awarded low-cost access to its five public safety broadcasting towers to SCS through a competitive process. This is part of an ongoing process to provide wireless broadband internet to schools, businesses, and residential areas in Amherst County. The map below indicates the area that will be able to gain access through SCS's broadband service, through the Panther Mountain tower. In order to ensure a broadband signal is strong enough for your residency, please call SCS at (434) 263-6363.
