Broadband Access Grows with Turkey Mountain Tower

A Turkey Mountain Tower is now equipped with broadband capabilities thanks to SCS Broadband. The Turkey Mountain tower is the fifth of seven towers to be fitted with SCS's broadband equipment. This is part of an ongoing process to provide wireless broadband internet to students, businesses, and residential areas in Amherst County. SCS continues to work on the final two towers; the Amherst Control Tower in the Town of Amherst and the Rocky Mountain Tower. The map below indicates the area that will be able to gain access through SCS's broadband service, through the Turkey Mountain tower. In order to ensure a broadband signal is strong enough for your residence, please call SCS at **(434) 263-6363**.

Additional information may be obtained from Joy Niehaus at jlniehaus@countyofamherst.com or (434)-946-9400.
