

# YOU MAY NEED A PERMIT

Adding a shed or structure to your property may seem like a minor project, but did you know that you may need a permit? Before making changes to your property, it can be helpful to contact the Community Development Department to see if your project requires a zoning permit, building permit, or both. To help get you started, here are a few projects that may require a permit.

## PROJECTS THAT REQUIRE A ZONING PERMIT:

**ALL** new structures require a zoning permit this includes (but is not limited to):

- Pre Fabricated Structures
- Structure Kits
- Storage Sheds
- Carports
- Agriculture Buildings
- Garages

## PROJECTS THAT REQUIRE A BUILDING PERMIT

If you are going to build, demolish, renovate, or repair a structure you may need a building permit.

This includes (but is not limited to)

- Storage Sheds/Carports/  
Agriculture Buildings over 256 sq. ft.
- Garages
- Generators
- Electrical upgrades
