This meeting is in regard to a Re-vote pertaining to Engine 13 replacement for Amherst Fire Department. Per Steve Drummond, a miscommunication of factors pertaining to purchase.
Revision to original specification is an increase to 2500 gallons. Steve Drummond is asking to go the Board of Supervisors to present the proposal. Charlie Goodin asked Mr. Drummond how much money is the Amherst Fire Department contributing to the purchase price of the new tanker. No amount was stated by Mr. Drummond. George Napier via telephone, asked “why the need for a custom cab instead of a commercial cab when most AFD members respond to the incident via POV?” Also asked “if the sale \$ of the old tanker would go back to the new tanker purchase”. No response to either question.

Steve Drummond requested approval for him to appear before the Board of Supervisors for funds to purchase the Custom Cab, 2500 gallon tanker to replace Engine 13. Noted by Jimmy Ayers and Sam Bryant that according to the bylaws, the Director of Public Safety is to approach the Board of matters of requests.
